Dear Parents/Carers

Re – Summer Weather Procedures

The weather is now becoming warmer as we progress through this term, so we felt that this would be a good time to remind parents of the procedures for the warmer weather.

At lunch time the children will be outside playing for about 30 – 45 minutes once they have eaten their lunch. In summer the children enjoy playing on the field.

In the Summer term we encourage children to:

- Bring a hat with their name in;
- Sunglasses should be worn if they help to reduce the effects of hay fever;
- Apply sun cream before they come to school;
- Bring a labelled bottle of sun cream which will be kept in the classroom (Children will need to apply the sun cream themselves if further applications are needed). We would also ask that children do not share other people's cream.

All children have been supplied with their own water bottle and are encouraged to have regular drinks throughout the day. **If they have lost or chewed their bottles, they will need replacing at a cost of £1.50 or they can bring in a drinks bottle from home.**

Could parents also check that inhalers are up to date and information related to their child's use of an inhaler is also up to date? Any medication related to hay fever should be reported to school in the usual way via the main office.

Yours sincerely,

Glenn Atkinson
Headteacher
