# **Hollinswood Primary School and Nursery**

# **Progression in Phonics**

#### Assessment key:

100% mastered 80% + expected. 60 - 79% emerging - requires catch up Below 60 % developing - requires 1-1 intervention

#### **Pre School**

Before beginning the programme it is useful for children to do some preparatory work on print conventions, letter knowledge and whiteboard use. The following table itemises what the children should have experience of and suggests ways of giving them this experience (competences in italic are optional) before they start their Reception year.

Teaching solution
develop children's ability to listen to and identify phonological awareness (Phase 1) everyday sounds, play listening games. de sequences of sounds for them to remember and to say the location of a particular sound – e.g. the ringing doorbell was the sound, the barking dog was the second sound etc. Developing listening skills leads to an awareness of phonemes and syllables. of focus the children's attention on the structure of words and to develop their familiarity with rhyme and rhythm, provide rtunities to sing songs, nursery rhymes, ingles, raps with music and movement, and skipping games. Collect objects or pictures rhyme, asking the children to name each object and talk about the rhymes. The encourage children to focus on alliteration and initial (onset) sounds, put out objects and pictures and play 'I spy'. Ask the ren to think of words beginning with the same sounds – e.g. man, mop, mummy. The develop an awareness that language consists of words and sentences, children can play games with spoken sentences of rent lengths – e.g. for each sentence, one child comes out to stand at the front for each word.  To develop an awareness that language consists of words and sentences, children can play games with spoken sentences of rent lengths – e.g. for each sentence, one child comes out to stand at the front for each word.  To develop an experience of the progress to ack one child comes out to stand at the front for each word.  To help children identify rhythm in words (syllables), ask them to use their bodies to act out the syllable beats in a word – e.g. by thing or clapping in time. Progress to asking children to tap the number of syllables in their names and other words, such as any, sunshine, teapot, bathtub, tiptoe.  To practise oral blending, segment words into phonemes and then say the whole word. For example, say to the children, "Tap thea-d, head."  To practise oral segmentation, introduce the children to a puppet who can only understand sound-talk. For example, ask the

	"hop". Ask the children to see if they can speak in puppet-talk. Get them to say "h-o-p" to the puppet, who responds by hopping up and down.
Have experience of the conventions of print and the vocabulary of reading, i.e.: Use positional words left-to-right directionality top-to-bottom directionality words are made up of letters spaces are used between words use of lower- and uppercase letters punctuation positional words (see right) illustrations.	Read stories with the children, pointing out and discussing the conventions of print. such as page, top, bottom, start, beginning, end, first, middle, last, right, left.
Know about alphabetic order (if teaching letter names).  Match lowercase letter names to print.  Be familiar with the interactive screen	Select the lowercase version of the Magnetic Board and use it to introduce the children to the alphabet. Read the names in order as you point to the letters. Select the Alphabet song button. Play the lowercase version of the Alphabet song with voice accompaniment, and as the children become familiar with it over a few days, encourage them to oin in. Tell the children that they are learning the letter names of the alphabet and point out that each letter of the alphabet is being highlighted as it is sung. As they become more secure with the Alphabet song you may wish to switch to the music-only version, by selecting the Lyric tool, and ask a child to point to the letters as they are sung.
Match uppercase letter names to print (if teaching letter names). Know that lower- and uppercase letters correspond to each other.	Repeat the procedures above with the uppercase letters.  Discuss with the children the fact that lower- and uppercase letters share the same name. (Later on in the programme, they will find out that they also share the same sound.)
Manipulate items on the screen (if teaching letter names).	Play 'find the letter' games with the children. Say a letter name and ask the children to drag the corresponding letter from the Alphabet panel onto the work area, or to click on the letter to make it appear on the work area. Switch between lower- and uppercase alphabet options when playing this game.
Have sufficient pencil control to make straight lines and circles with adequate firmness and good posture.	Give the children opportunities to use pencil and paper to draw and write.

## **Children in Reception:**

Term	Stage: Unit and colour of book	Sounds and irregular/ high frequency words	Assessment to be completed
	Phase 2	s a t p i n m d g o c k	Unit 3 assessment (within teaching handbook)
By the end of Autumn 1	Units 1-3		Children who have mastered the skills being assessed, can:
	Pink books	to	$\checkmark$ give the sound when shown any of letters

By the end of Autumn 2  By the end of Spring 1	Phase 2 Unit 4 and 5 pink books  Phase 3 Unit 7, 8 and 9	s a t p I n m d g o c k ck, e u r h b ff II ss no go the I into her j v w x y z zz qu ch sh th ng ai ee igh oa oo	√ find any letter from a display when given the sound √ orally blend and segment CVC real words and nonwords.  Phase 2 assessment (access from website) Children who have mastered the skills being assessed, can: √ give the sound when shown any of the graphemes √ orally blend and segment CVC real words and nonwords. √ read the irregular/ tricky words taught so far.  Phase 3 assessment (access from website) Children who have mastered the skills being assessed, can: √ give the sound when shown any of the graphemes
by the end of Spring 1	Red books	me be he my by she they we are	<ul><li>✓ orally blend and segment CVC real words and nonwords.</li><li>✓ read the irregular/ tricky words taught so far.</li></ul>
By the end of Spring 2	Phase 3 Unit 10 and 11 Red books	(long) oo (short) ar or ur ow oi ear air ure er you was all live give	Phase 3 assessment (access from website) Children who have mastered the skills being assessed, can:  √ give the sound when shown any of the graphemes  √ orally blend and segment CVC real words and nonwords.  √ read the irregular/ tricky words taught so far.
By the end of Summer 1	Phase 4 Unit 12 – yellow books	Adjacent consonants (cvcc) Adjacent consonants (ccvc)  some come were there little said have like so do  Adjacent consonants (ccvcc/cccvc/cccvcc)  One when out what	Phase 4 assessment (access from website) Children who have mastered the skills being assessed, can: ✓ orally blend and segment CVCC and CCVC real words and nonwords. ✓ read the irregular/ tricky words taught so far.  Phase 4 assessment (access from teaching and Assessment Guide (Reception) pages 45–46) Children who have mastered the skills being assessed, can: ✓ orally blend and segment CCVCC, CCCVC and CCCVCC real words and nonwords. ✓ read the irregular/ tricky words taught so far.
By the end of Summer 2	Phase 4 Unit 12 Yellow books	<u>Consolidation</u>	Complete assessments in preparation for grouping for y1 (follow on from gaps from Summer 1 assessments)

After Summer 1 assessments gaps are to be filled to ensure children are secure in segmenting/blending, reading/writing words containing phase 3 phonemes
