

# SCHOOL GOVERNOR INTRODUCTION

Debbie Young - Associate Governor

'I have been on the governing body for many years, here at Hollinswood, initially, as a parent Governor. As well as myself, my three children have also attended this school. They have all thrived whilst here and have continued to do well.

Many years ago I set up and ran a local toddler group, with the support of a few other parents. I then volunteered at the school and qualified as a Teaching Assistant. I have continued to work on both sites for 17 years now.

I also work in social care with young adults and in the NHS, on a casual basis, during school holidays.

In my spare time, I enjoy family history research, reading and going to the cinema.

The children have always been at the heart of everything we do at Hollinswood and I am proud to be part of the wonderful team here.'
