Dear Parents and Carers,

RE: Teaching of Relationship and Sex Education (RSE) in the Summer Term.

As a part of your child's education at Hollinswood Primary School, we promote personal wellbeing and development through a comprehensive Personal, Social, Health and Economic (PSHE) education programme. PSHE education is the curriculum subject that gives young people the knowledge, understanding, attitudes and practical skills to live safe, healthy, productive lives and meet their full potential.

PSHE education is taught throughout the school in every year group and is monitored and reviewed regularly by the staff and PSHE and RSE subject leaders. Thank you to those who took part in the consultation process during the spring term. Your thoughts and opinions have supported in finalising the RSE policy in school. For anyone who requested extra information or additional support at home, your child's class teacher is aware and will be contacting you on Class Dojo.

I am writing to let you know that your child's class will be taking part in lessons this term which will focus on the relationships and sex education (RSE) aspect of this programme. RSE lessons will include teaching about healthy relationships, including friendships and intimate relationships; growing and changing, including puberty; personal hygiene; changing feelings; becoming more independent; keeping safe and consent; developing self-esteem and confidence. Pupils will also have opportunities to ask questions that help prepare them for relationships of all kinds in the modern world.

Please visit the school's website: <http://hollinswoodprimary.co.uk/curriculum/rse-parent-consultations/> for more detail about our RSE curriculum. The skills and knowledge grid on the website breaks the learning down into year groups, so you can see what your child is learning this half term. All RSE teaching will take place in a safe learning environment and is underpinned by our school ethos and values.

Yours sincerely,

Mrs N Hayward
PSHE lead

Miss G Atkinson
RSE lead
