Definition of Cyber Security: Application of technologies, processes and controls to protect systems, networks and data from cyber-attacks.

Introduction

The protection of information and communication technologies (ICT) within a school environment is paramount. This Cyber Security Policy aims to establish a framework for maintaining the security and integrity of digital resources, protecting personal data, and ensuring a safe digital environment for students, staff, and stakeholders.

Scope

This policy applies to all students, staff, governors and external partners, who have access to school ICT resources.

Objectives

- To protect the confidentiality, integrity, and availability of digital information.
- To safeguard the personal data of students, staff, and stakeholders.
- To ensure compliance with relevant legal and regulatory requirements.
- To foster a culture of cyber security awareness and responsibility.
- To respond effectively to cyber security incidents and breaches.

Roles and Responsibilities

School Administration

The administration is responsible for:

- Ensuring the development and implementation of the cyber security policy.
- Ensuring adequate resources are allocated for cyber security measures.
- Overseeing cyber security training and awareness programs.
- Reviewing and updating the policy periodically.

IT Support

IT support is tasked with:

- Maintaining and securing the school's IT infrastructure.
- Implementing technical measures to protect against cyber threats.
- Monitoring network activity for potential security breaches.
- Responding to and mitigating the effects of cyber security incidents.

Staff

All staff members must:

- Adhere to the cyber security policy and procedures.
- Participate in cyber security training and awareness programs.
- Report any suspicious activities or security incidents.
- Safeguard their login password.

Students

Students have the responsibility to:

- Follow the school's cyber security guidelines and rules.
- Respect the privacy and security of others.

Report any cyber security concerns to a teacher or other school staff.

<u>Acceptable Use Policy</u>

All users of the school's IT resources must adhere to the Information Security Policy, which includes:

- Using school IT resources for educational purposes only.
- Not accessing, sharing, or downloading inappropriate content.
- Respecting intellectual property rights and avoiding plagiarism.
- Not engaging in cyberbullying, harassment, etc.
- Protecting personal information and not sharing login details.

Data Protection

The school is committed to protecting the personal data it processes. Measures include:

- Where necessary, encrypting sensitive data to prevent unauthorised access.
- Regularly updating software and systems to address vulnerabilities.
- Implementing access controls to restrict data access based on roles.
- Conducting data audits to ensure compliance with data protection laws.

Cyber Security Training and Awareness

To ensure a culture of security:

- Training sessions will be conducted for staff and students.
- Awareness campaigns on the importance of cyber security will be promoted.
- Resources and materials on best practices will be made available.

Incident Response

In the event of a cyber security incident:

- The IT department will initiate an immediate investigation.
- Containment measures will be implemented to prevent further damage.
- Affected individuals will be informed promptly.
- A report detailing the incident and response actions will be documented.
- Preventative measures will be revised to avoid future occurrences.

Compliance and Review

Compliance with this policy is mandatory. The policy will be reviewed every 2 years or as required to:

- Ensure it covers evolving cyber security threats and best practices.
- Incorporate feedback from stakeholders.
- Adapt to changes in legal and regulatory requirements.

Conclusion

Cyber security is a collective responsibility. By adhering to this policy, the school can protect its digital resources, maintain the integrity of personal data, and create a safe and secure environment conducive to learning and growth. Let us all commit to fostering a culture of vigilance and responsibility in our digital interactions.
